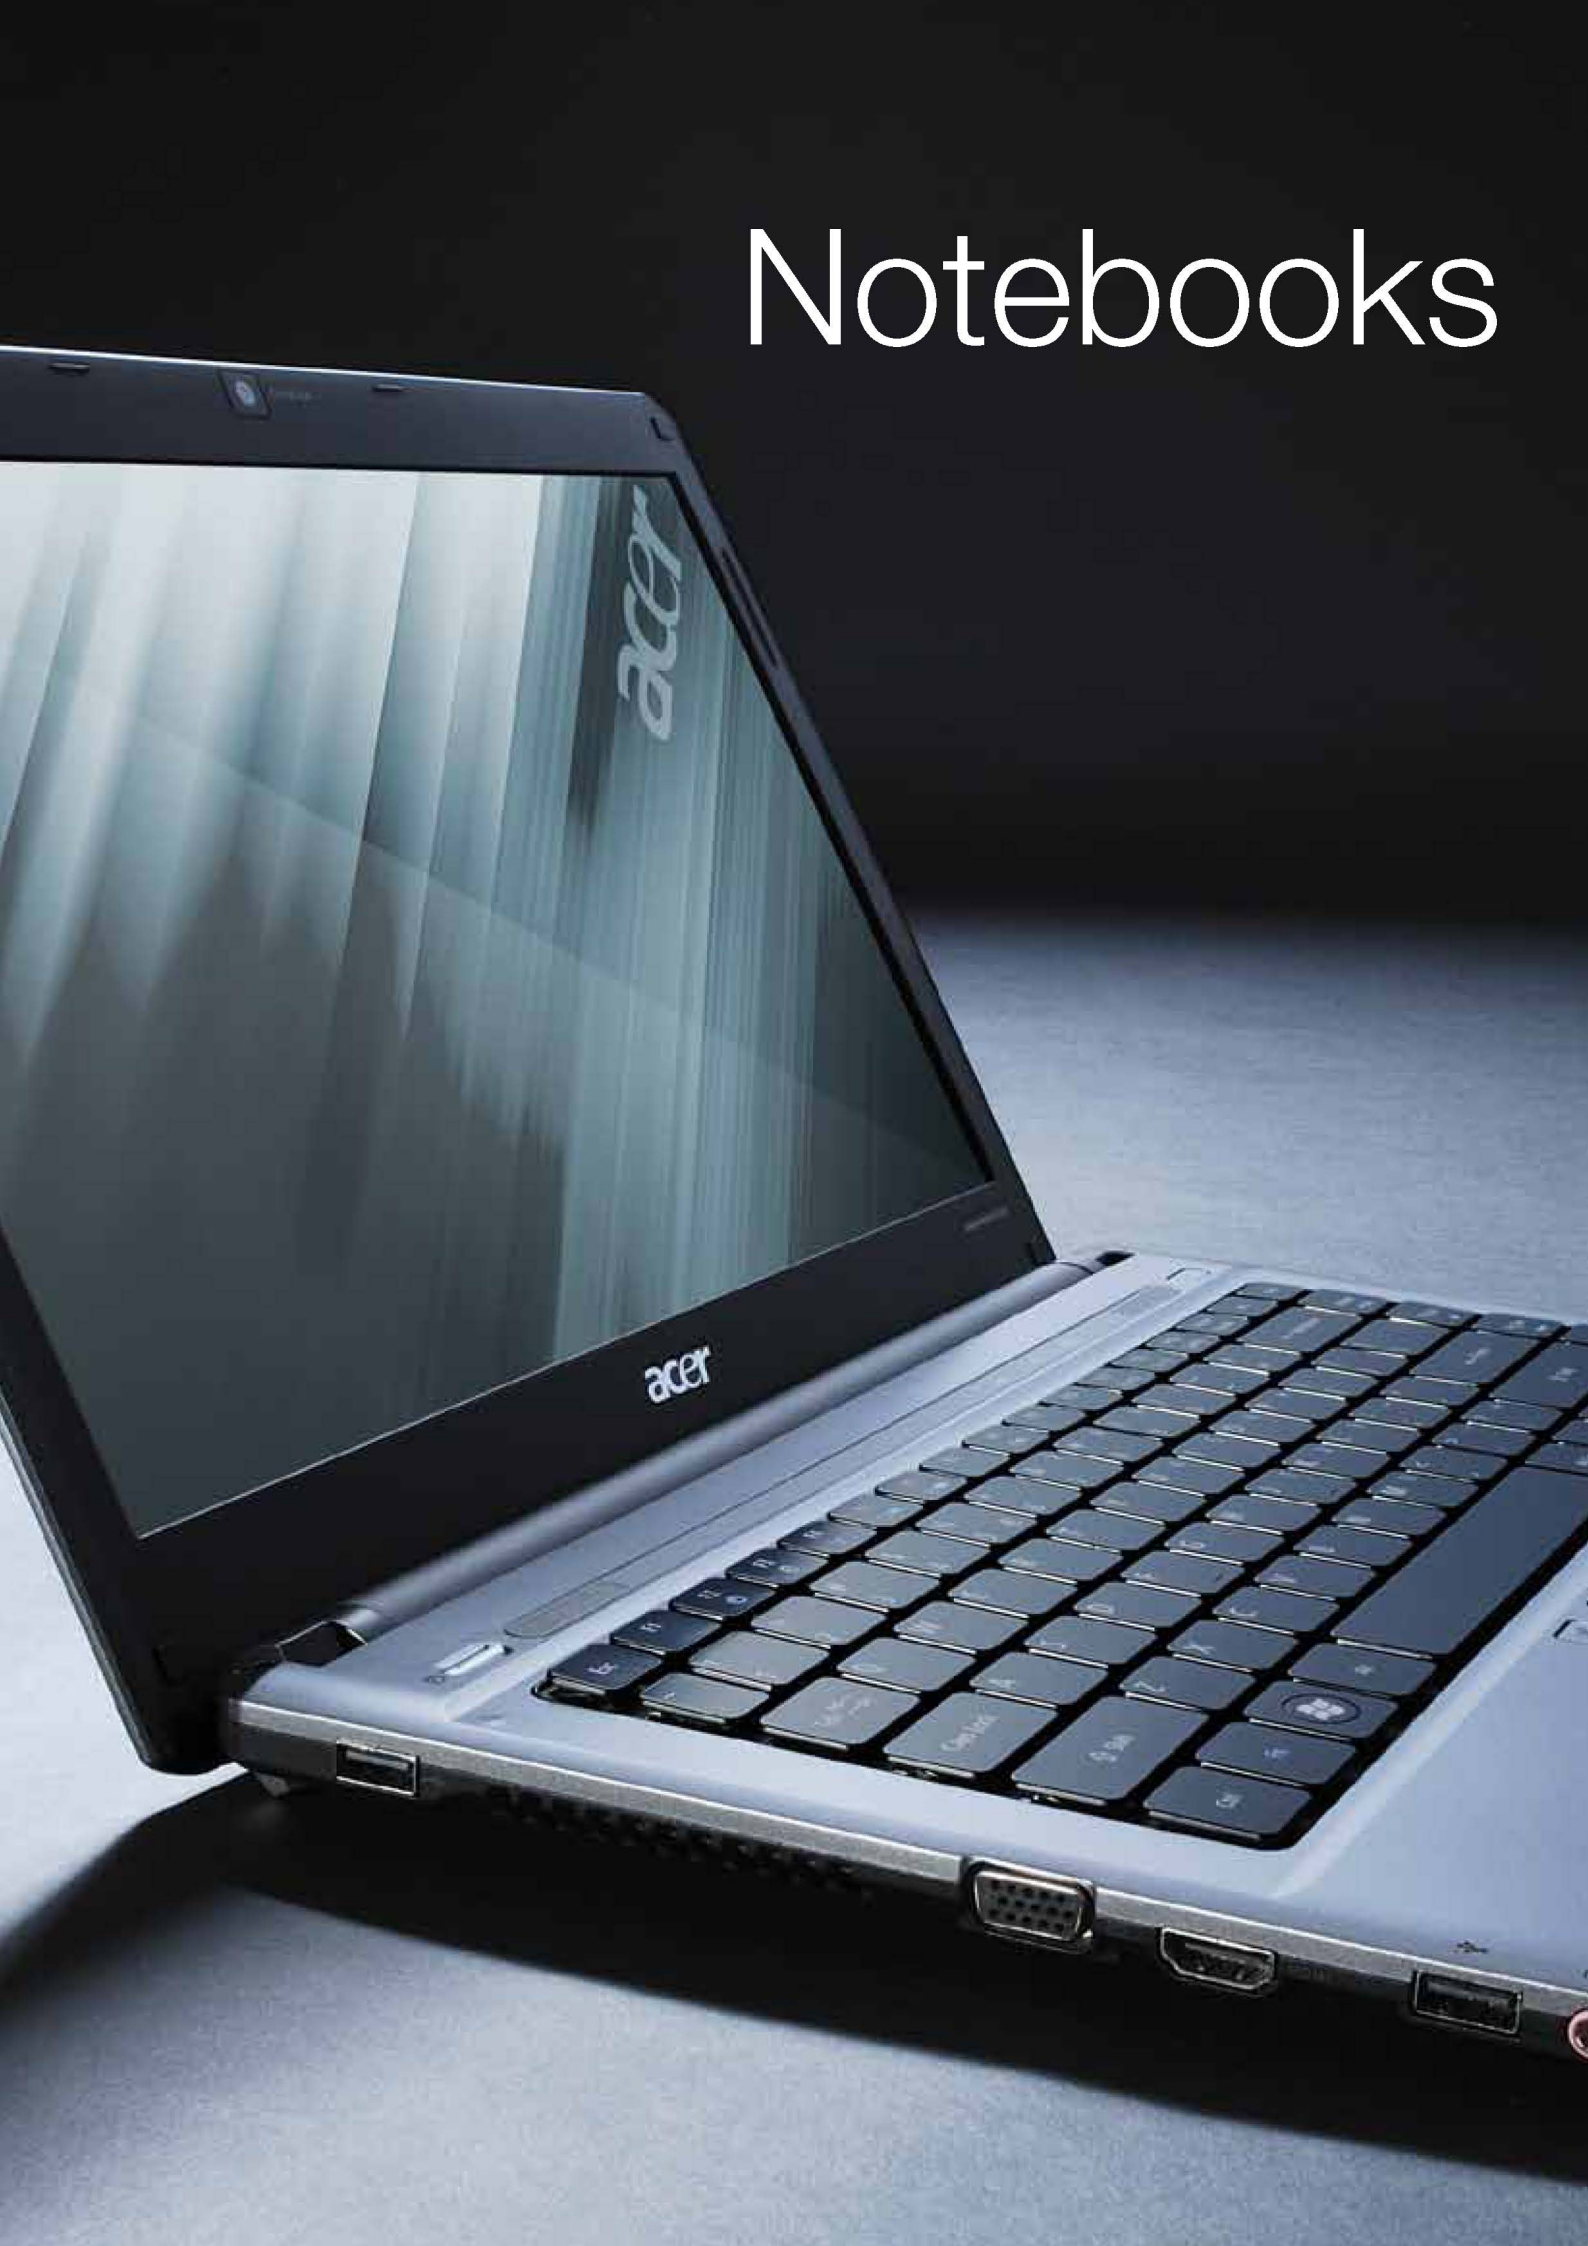
Notebooks



Aspire TimelineX

The Aspire TimelineX Series offers more than just time: it gives you more than 8 hours of excellent performance in a thin-light design, and packs the Intel® Core™ processor family. TimelineX is very portable at less than one inch thick (24 mm)1, yet available with powerful graphics and an HD widescreen, so no matter where you go, you'll have a crystal-clear view of digital life.

8-hour power and performance

The original Aspire Timeline series was the first to break the 8-hour battery life barrier, and the Aspire TimelineX matches that and adds excellent performance straight out of the box. With Aspire TimelineX, performance and battery life are no longer incompatible.

Start your engines

The Aspire TimelineX Series features the 2010 Intel® Core™ i7, Core™ i5 and Core™ i3 processors, delivering intelligent performance that adapts to your individual needs. With this kind of power, the Aspire TimelineX Series is fabulous for creating digital video, playing intense games, and having fun at home.

More than skin deep

With its slim, less-than-one-inch (24 mm)1 profile and brushed aluminum cover, an Apire TimelineX is a beautiful sight -- as well as supremely easy to handle, carry and store, and it's extremely durable. Plus, you get easy-to-use hotkeys, a multi-gesture touchpad and a topside ODD button (14” and 15.6” models) for superior notebook control.

See, hear, share like never before

See TimelineX on the 16:9, high-definition LED-backlit display, and even enjoy it on a larger display via HDMI®. Hear TimelineX through Dolby® Home Theater® v3 or Dolby® Sound Room® 5.1-channel surround sound from the integrated stereo speakers or headphones for enhanced movies, music and games. Share TimelineX through the Acer webcam, 802.11a/b/g/n wireless, 3G WWAN and Mobile WiMAX2 connectivity.
